

# *Introducing—OnlyOne OFFICE*

**871-8686**

The Small Business solution that enhances your company's image *and* your employees' productivity with ONE number!

## Simplicity ... Control ... Privacy

- For more than a decade, large corporations have had access to sophisticated auto attendants, unified messaging, voicemail and web-based messaging systems that most small to medium sized businesses could not afford.
- **OnlyOne** allows small business owners to offer these same features to your employees, but with **no** equipment to buy, **no** technology that becomes obsolete, and **no contracts!** We offer *full-featured* unified communications systems that will fit your needs, without having to replace any device you are currently using.
- **OnlyOne** has built its service around the Simplicity, Control, and Privacy of having just one number for work, fax, cell, home, voicemail and e-mail.
